### **Submission on Mfish Performance Indicators**

The Guardians of Hawke Bay Fisheries Incorporated (GHBF) are a voluntary multi stakeholder group which has a shared vision of “more fish in the water for our mokopuna”. The GHBF wish to attach their support to the submission of Option 4, the Hokianga Accord and the NZ Sport Fishing. The GHBF believe this submission raises important questions about the validity of the majority of the proposed performance indicators.

Yours sincerely

Jonathan Dick  
Chairman Guardians of Hawke Bay Fisheries

More fish in the water for our Mokopuna
